

BioReference: New York's Premier Full Service Laboratory

BioReference Laboratories is the third largest clinical laboratory in the United States, offering a comprehensive list of laboratory testing services utilized by healthcare providers in the detection, diagnosis, evaluation, monitoring and treatment of diseases. The BioReference family of laboratories includes GenPath, a nationwide Oncology and Women's Health laboratory; GeneDx, a world renowned genetics laboratory specializing in rare and inherited disorders; and Laboratorio Buena Salud, the first national laboratory dedicated exclusively to serving Spanish-speaking providers and patients.

Since its inception, GenPath has risen to become one of the premier specialty labs in the country. GenPath Oncology provides unsurpassed service in the field of hematology/oncology. From complex tumor sequencing to routine clinical testing, GenPath can serve as the complete cancer laboratory solution. GenPath Women's Health is an innovator in the OB/GYN market, including the development of a technology platform for sexually transmitted and other vaginal infections. In addition, GenPath is a leader in maternal risk assessment—including pan-ethnic carrier testing—prenatal diagnosis, and inherited cancer testing.

The benefits of BioReference for physicians and patients in New York:

- Dedicated Account Representatives attuned to your specific needs
- Regional courier dispatch service to manage specimen pickup
- All patient materials available in Spanish
- A comprehensive network of patient service centers
- STAT testing services

In addition, BioReference offers state-of-the art connectivity solutions including:

- Ability to interface with all EMRs
- Convenient electronic test ordering
- Prompt and easy retrieval of test results
- Cumulative patient history
- Laboratory analytics to help manage patient care
